We the People of these several united States, stand united as one Nation with all the unalienable Rights as originally endowed to us by our Creator, and with the consequent political Power upon which the united States of America were founded in 1776.

We the People have just cause to come before this State House of Representatives and this Judiciary Committee of the State of _____, to file a Petition for Redress of Grievances by Impeachment in behalf of _____, in the name of We the People of these united States, by virtue of the Constitution for the United States of America of 1789 as amended in 1791, for the violation of the sworn Constitutional Oath of Office of our Public Official; to wit:_____.

This Petition from We the People commands our respective State Representatives to uphold their Constitutional Oath of Office as well as their Fiduciary Duties and Statutory Obligations to the People to hear this **Cause of Impeachment** that was filed into your House/Committee by _____, to be heard before this House/Committee. We pray that those who have violated their Constitutional Oath of Office be therefore removed from such office of honor, integrity, and trust, so as not to be allowed to further dishonor their position, in which We have placed them.

We the People, fully in accordance with the Declaration of Independence of 1776, do hereby assert and affirm: "That to secure these Rights, Government are instituted among Men, deriving their just Powers from the Consent of the Governed, [and] that whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its Foundation on such Principles, and organizing its Powers in such Form, as to [We the People] shall seem most likely to effect [our] Safety and Happiness." Further;

We the People, fully in accordance with the Declaration of Independence of 1776, do hereby assert and affirm: "[That] when a long Train of Abuses and Usurpations, pursuing invariably the same Object, evinces a Design to reduce [us] under absolute Despotism, it is [our] Right, it is [our] Duty to throw off such Government, and to provide new Guards for [our] future Security. Such has been the patient Sufferance of these Colonies" and; now, of these united States - the United States of America - in 2006.
